

Social Media Netiquette

D-mine® Care

This social media Netiquette for D-mine® Care is designed to guide our community in their contribution on social media channels. As a user contributing on our profiles including but not limited to LinkedIn, Facebook, YouTube, Twitter, Instagram, WeChat, Flickr, Twitch, blogs or any other tool or service that facilitates interactions over the internet, you are expected to adhere to this Netiquette.

We always want to answer questions and respond to your input. We appreciate every comment but ask for your understanding that we cannot react immediately on weekends and public holidays as well as in the evening. We will make up for this immediately on working days.

We reserve the right to delete or report posts at any time and, if necessary, without giving reasons. By interacting on our social media channels, you accept these guidelines. Violations of the general laws and legal provisions may, under certain circumstances, lead to exclusion from the respective platform and, in serious cases, result in legal action being taken.

A few basic commenting tips

1. Refer to the topic of the post.
2. Discuss fact-based. Non-objective and/or insulting comments have no place with us.
3. Give reasons for your opinion - especially if you want to disagree (constructively).
4. Always keep a fair and polite tone in your posts and remain factual: Be sure to treat other users as you would like to be treated.
5. Refrain from provoking others personally.
6. Make sure you have the rights to distribute the content you post. Quotes must be correctly labelled as such, even if they are very well known. Respect copyright law.
7. Respect the personal rights of your fellow human beings and the right to your own image. Do not publish personal, sensitive data such as addresses or telephone numbers.
8. In order not to exclude anyone, the English language should be used as far as possible.

The following will result in the deletion of the comment or the blocking of the IP address for further comments:

1. Misuse of comments, e.g., as advertising space
2. Comments that have been generated automatically/machine-generated (especially bots) or are obviously part of a campaign (shitstorms) can also be removed or their senders blocked.
3. Insulting and degrading persons in any form
4. Violating the rights of third parties, especially copyrights
5. Comments that do not relate to the post being commented on
6. Announcements of demonstrations and rallies of any political orientation
7. Comments that are not written in the specified language
8. Incitement to violence against persons, institutions, or companies
9. Pornography
10. Racism and hate propaganda
